

## Zion in My Heart

Was it just a dream?

Standing where You stood  
Walking where You walked

Was it real or imagined?

Your presence, Your power  
Your heart for the land You love

I want to remember; I need to remember  
Forever I'll remember Zion in my heart

Something in me has changed  
Standing where You stood  
Walking where You walked

I've tasted more deeply  
Your presence, Your power  
Your heart for the land You love

I want to remember; I need to remember  
Forever I'll remember Zion in my heart

Jerusalem, Jerusalem  
Holy city of God  
How I pray for your peace  
Jerusalem, Jerusalem  
Hear the cry of your God  
Reaching out to you still  
Loving you still  
Longing to bring you peace

He wants to remember; He needs to remember  
Forever He'll remember Zion in His heart
